

27-804 CANFORD SPARE BRASS CABLE RING For DMH/SMH 200 and 300 series headphones/headsets

27-804 SPARE BRASS CABLE RING, DMH205/220/225/285/320/325, SMH210/310 headphones/headset

Brass ring to secure DMH/SMH headset cable exiting the earpiece. Brass ring would be crimped using ordinary pliers, no special tooling required. Ensure cable is in the centre of the crimp with tabs either side as illustrated below.

Brass ring listed as item 4 in the 200 series spare parts list and, item 30 in the 300 series spare parts list.
