Optional Rear Section

- Upgrade a 404 single section to a double section cabinet by adding 130mm rear section
- Unique split Rear section is a welded construction with heavy/duty hinges
- This allows you to swing the front section open to allow easy access to the rear of rack mounted equipment to adjust cables and connectors

The split rear section (welded construction with heavy duty hinges) is 130mm deep (50/80) the unique design enables the strength to be transferred from the wall to the outer section making the cabinet rigid & square, and increases the overall cabinet depth to 580mm or (rear section only available in grey).

404 Series Part Numbers:

Height	Depth (mm)	Part Number	Depth (mm)	Part Number	Overall Height (mm)
604mm wide					
6U	450	4044506/G	550	4045506/G	330
9U	450	4044509/G	550	4045509/G	463
12U	450	4044512/G	550	4045512/G	596
15U	450	4044515/G	550	4045515/G	730
18U	450	4044518/G	550	4045518/G	863
21U	450	tba	550	4045521/G	1007
24U	450	tba	550	4045524/G	1381

Rear Section:

Height	Depth (mm)	Part Number
9U	130 (50/80)	4065109
12U	130 (50/80)	4065112
15U	130 (50/80)	4065115
18U	130 (50/80)	4065118

Colour Specification

Paint Light grey RAL7035 or Jet Black RAL 9005 (rear section & 550 deep only available in grey).
